

Attention Teacher Librarians!

Are you looking to update your **Non-Fiction curriculum collection** but don't know where to start? Or maybe you don't have the time to put into such a big project? CrossCan Educational Services can help you with a non-fiction curriculum analysis meeting!

Who we are:

CrossCan Educational Services represents over 30 award-winning PK to 12 Educational publishers. We have designed a core list of resources to support the Science, Social Studies, and Health & Physical Education strands for Grades 1 to 8. **Our local rep Brandon Wright has developed a very specialized service he can offer you for FREE!**

How it works:

NON-FICTION COLLECTION ANALYSIS MEETING

- **Analysis of your current Non-Fiction curriculum collection** to determine what you currently have on your shelves, and what the holes or needs in your collection are
- **Weed Out** older dated materials
- Review of our Non-Fiction curriculum recommendation lists and **look at physical book samples of recommended titles** to fill your specific gaps and needs for your school
- **Prepare a 2-3 year purchasing plan based on your needs and budgets**, and ranking of demand
- Brandon can do **approximately 75% of the work independently while you are working (No charge for the visit, and low pressure to buy, if you like his suggestions that's great if not, then no problem)**
- **If you have no time to meet**, send him your areas of need and he will prepare a customized proposal for your review.

Ordering:

Here's what a few satisfied customers have had to say about Brandon and his Curriculum Analysis Service

From the very first moment I spoke with Brandon, I knew that he was as passionate as I was (actually I think more) about having a collection that was up to date and relevant to the new curriculum. He single-handedly culled our collection (I estimate about 2000 books)... What a dirty job that was!!! ...He is an expert in his field and I would highly recommend for any librarian, new or old to work with Brandon.

Brandon was very helpful, knowledgeable, personable and took a great deal of time and effort to help make sure my needs were met for our school library...

Cheers!

...Brandon was amazing when he was here... we deleted over 1000 books...Brandon did the entire non-fiction collection, and then we developed a long-term plan together. The best part is that the students and staff now love the library...

I was singing your praises this morning and thank you for all your work to weed our collection, and then make professional suggestions...

...I was very impressed with his knowledge of the curriculum, and specifically the New Social Studies changes... He outlined all of the areas of strengths and weaknesses with my collection and developed a three year plan to replace outdated books... He brings examples of the books and takes the time to sit down and discuss your needs and wants. I would highly recommend him to any... school looking to update/build your Non Fiction curriculum resources.

...The service/support you provide is very valuable, especially for someone like me who is brand new to the role. Your visit took a lot of pressure off of me because I really had no idea what we had, what we needed, or who to contact when it came time to purchase resources. Thank you!

Hi Brandon,

I am so sorry I missed you on the day you came to visit Gillian...Although I have to say, Gillian did mention how incredibly easy you made it for her. I told her not all suppliers are like that and that's why I used you the most. She was very happy with your understanding of the collection.
